ITS PASSAGE ADVOCATED BY CARL SCHURZ, EX-SENATOR O'CONNOR, E. P. WHEELER AND OTHERS-GROWTH OF THE REFORM

[BY TELEGRAPS, TO THE TELBUNE.] Albany, Feb. 26.-The important bill introduced by BROADWAY. 21 West 23d St., COR. GRAND ST. Adj. 5th Ave. Hotel. vice Reform Association of the State, strengthe hearing this afternoon before the Assembly Judiciary Committee. It will be remembered that this bill was the result of a careful investigation made would receive in reduction of State taxes \$2,858.029. nor, then President pro tem, of the Senate, and So, under this bill, these cities would receive Martin T. McMahon, then Senator, in 1894, into the 13,464,622 more than they did last year. In making practical working of the Civil Service Reform laws laws and accordingly Mr. Saxton, Mr. O'Connor and General McMahon drew up the present Sanger bill, which if enacted into law will carry the State up to a higher plane in regard to examinations

So, under this bill, these cities would receive 13.464.021 more than they did last year. In making this estimate of percentage of State tax Isturned the counties of Eric Monroe. Albany, Onondaga and Rensselaer, which pay about It per cent of the State tax, are not separated from the cities, because I have not the percentage of State tax which the cities pay as distinct from the counties.

"Twenty-three other cities and large offices they ulation 48.230 received last year from 3.781 places 128,345. Under this bill the same places would pay 1.28,150. Deduct 49 per cent and 2.71 places would pay 1.28,150. Deduct 49 per cent and 2.71 places would pay 8.75,880. Fifty per cent of this to city and Brate would give each 237.416—that its, \$108,000 tone than those places received last year. So, om thirty cities and large villages, with a population of the State d.55,450 of population and II.84 places) would pay to the State \$56,588, chough to make the receipts around \$2.600,000.

"Without this bill not one cent of this money would even reach the Treasury of the State, but would remain in the pockets of the dealers, while the taxpayers of the State would reach dealers and the pockets are dealers of the government which these same dealers create." hearing. The friends of the measure pointed on bill the Civil Service rules are extended to bounties of only State and city departments were made subservient to the rules of the Civil Service. eable also that at to-day's hearing the Civil Service reformers did not come as pleaders for legis lation, but more as advisers, directing the attention f the Judiciary Committee to the means by which they may best carry out the provisions of the Constitution, putting all servants of the State under Civil Service examination laws. The reason for the change of attitude and increase of confidence lies in the recent decision by the Court of Appeals in the case of McClellan against Controller Roberts. Mc controller Roberts refused to pay his salary on the ground that he had not passed a Civil Service exmination. McClellan sued for his pay arguing that the Department is not under Civil Service rules. The Court of Appeals decided against McClellan in favor

> Carl Schurz, the first speaker, in opening his address, called the attention of the Judiciary Committee to this decision and quoted as follows from it: The principle that all appointments in the Civil Service must be made according to merit and itness, to be ascertained by competitive examinations, is expressed in such broad and imperative language that in some respects it must be regarded as beyond the

NO BLUE AND GRAY PARADE.

MEN ARE OFFOSED TO MARCHING IN LINE WHERE THE CONFEDERATE UNI-

Gray, parade, which was to take place in this city on July t next, had been declared "off." Colonel A. G. Dickinson, commander of Camp No. I, Confelerate Veterans of New-York, and president of the Southern Democratic Association, who has been erans should take part, said yesterday that the ad of the project was due to the opposition of ommander-in-chief Ivan N. Walker, the executive read of the Grand Army of the Republic.

"The work of arranging for the parade," said Colonel Dickinson, "will stop at once, and I regret Colonel Dickinson, "will stop at once, and I regret that I have been prominent in working up in-terest in it in the Sauth. Of course no such parade as was planned could be a success when feelings such as those expressed by General Walker exist in the Grand Army of the Republic." Commander-in-Chief Walker was in this city on

Sunday on his way homeward from an official to of the Grand Army Departments of New-England. In an interview which was published in The Tribune on Monday morning General Walker said that he ound a pronounced opposition to the affair among influential Grand Army men in all the great cities East and West which he had visited.

Dana, chairman of the Executive Committee engaged in formulating the plans for the parade, in reply to a letter from Mr. Dana asking the General's co-operation. The Commander-in-Chief told Mr. Dana that the old soldlers of the Union were ready to march with the Confederate Veterans provided the flag and the uniform which symbolized the War of Secession were not permitted in the parade. The chairman of the Executive Committee answered that the Confederate flag would not be carried or displayed, but gave no assurance regarding the intform, and the General was informed and believed that it was the purpose of the ex-Confederates to appear in the marching column in the garb they General Walker said that his comrades drew the

ine at displays of this kind. The following exract from his interview in The Tribune see have been the death-blow to the proposed parade; We cannot, as an organization, join in any public lemonstration and march with those who fought demonstration and march with those who fought against the Union clothed in the uniform of a cause that was shot to death by the Grand Army of the Republic intry years ago. It is intended, it is said, that there shall be but one flag, that of the United States, in the parade. Why not require the same as to uniform? The sooner those who wore the gray shall cease trying to symbolize the 'Lost Cause' by flag or uniform and shall refrain from representing themselves as a distinct part of the people, the sooner will a full realization of patriotism and fraternity be brought about."

There is little doubt that the Commander-in-Chief has voiced the sentiments of the great majority of the organization he represents.

AT THE HEBREW CHARITY BALL. Carnegie Hall presented a brilliant spectacle last evening, the occasion being the annual Hebrew Charity Ball, given under the auspices of the Young Ladies' and Gentlemen's League of the Monteflore First on the programme of the evening came a beautiful dance, the Battle of the Flowers. This was followed by a grand march, led by Jacob H. Schiff, with Mrs. Schiff, in which about three hundred couples took part. If handsome women, brilliant costumes, sparkling jewels, sweet music, good things to eat and drink, and a large attendance ount for anything, then the charity ball of last night was a great success. The amount realized, it was said, would be about \$10,000,
